All,

We have coordinated another conference call with all of you involved in the chemical detection of PPH and MCHM with the EPA Lab Manager and staff at Ft Detrick, MD

This is short notice but would benefit everyone to share information with EPA lab.

Conference Call: 3:30 pm today

Dr. Vikas:

I appreciate you reaching out to me and offering assistance on our efforts regarding PPH analysis. We have a large group that have been involved in ongoing discussions. I have indicated the lead contact, from my perspective, for each group below. If they see it differently, I would ask they reply to all. At this time it would also be appreciated if the group can share full contact details by email. To be fair to all, I do not have all the professional designations for everyone, so I have left them off the list below.

Subject: Water analysis

Dear Mr. Ex. 6 - Personal Privacy

It was a pleasure speaking to you this afternoon. As we discussed, even though we do not do water analysis here at CDC/ATSDR, I would be happy to try to connect your lab folks to the appropriate people at EPA. If you would send me the name (or names) of the best contacts and their contact information, we will share that information with EPA.

Thanks,

Vik
